# A Message from the Director

The purpose and objective of the City of Yuma Parks and Recreation Department is to provide year round wholesome, fun, exciting, and enriching, quality of life experiences for all ages and abilities and I am sure you will find that our 2016 Spring & Summer Activities Guide has an impressive line-up to fulfil that mission.

Enjoy canoeing, kayaking, golf, tennis, hiking, archery, swimming, sports, and arts and culture programs. A variety of instructional classes and events are also held at our recreation centers throughout the summer--- plus much, much more, all that will enhance the lives of residents and promote opportunities for healthy lifestyles.

Our staff believes that a recreation and parks program should create a sense of worth and belonging to a community and provide programs and events that reflect our rich history and culture through the arts, so a visit to the Yuma Art Center is a must.

I encourage you to take part and enjoy the wide variety of programs, concerts, and special events that we have planned for this spring and summer and visit our parks and facilities for your leisure time experiences. We take great pride in offering quality programs and maintaining the best recreation centers, parks and athletic facilities and programs possible.

It is our privilege to continue to serve the citizens of this wonderful community and hope visitors to our city take a few moments to see how these resources can enrich their lives too.

One last thing, as always, we welcome your feedback and input. If you have any information to share or any concerns, please feel free to contact me.

## WHAT'S THE VALUE OF WATER?

Splashing in a pool, tossing a water balloon - water is one of life's great pleasures.

Most of us never think about how water gets to us or where it goes when it swirls down the drain. Luckily, we don't have to. Pumps, treatment plants, and pipes bring us clean water and remove wastewater.

But our water systems are aging. They need investment so they can continue to deliver life's most precious resource. All day, every day.

Water - Essential. Reliable. Invaluable.

## SATURDAY Kids Movie

**FREE**

Presented by The Yuma Art Center  
and Yuma Parks and Recreation

### "Cars"

This movie will be shown at West Westlands Park.

**June 4 at 7:30pm**

Lightning McQueen (voice of Owen Wilson) may be just a rookie, but he's convinced that he can realize his dream of zooming by the checkered flag if he can only make it to California in time to compete in the upcoming Piston Cup Championship. When Lightning takes a detour into the slow-moving, Route 66 town of Radiator Springs, however, it begins to appear as if his shot at the big time has effectively stalled out.

Sponsored by Bill Alexander's FLIGHT-LINE

### "The GOOD Dinosaur"

This movie will be shown at Historic Yuma Theatre.

**June 11 at 2pm**

Set in a world where the dinosaurs never went extinct, an amiable young Apatosaurus named Arlo loses his father in a storm and is swept away by a vicious river current, stranding him in a frightening new place far from his home. He soon embarks on a journey to reunite with his family, and befriends a prehistoric human child known as Spot along the way.

### "Minions"

This movie will be shown at Historic Yuma Theatre.

**June 18 at 2pm**

### "Star Wars: The Force Awakens"

This movie will be shown at Historic Yuma Theatre.

**August 20 at 7pm**

In this thrilling continuation of the epic space opera, ex-stormtrooper Finn, scrappy desert dweller Rey, and droid companion BB-8 get caught up in a galactic war when they come across a map containing the whereabouts of the vanished Luke Skywalker. They soon embark on an epic adventure that brings them face-to-face with heroes from the past, as well as new villains such as Kylo Ren and the First Order, a fascist regime that has emerged from the ashes of the old Empire.
